About This Document 3

Version 1 · Updated 2026-07-21

For an owner or manager with a renewal coming who wants to know how the form will read before the underwriter does.

When you have worked through this, you will have: your free readiness result, and the first renewal moves to make this week.

Your Free tier holds **1 document** (plus the interactive assessment). A “start here, in this order” guide only earns its place once there are several documents to sequence — so at this tier it is a single entry and a pointer onward.

The one guide

1. Your First Renewal Moves

PDF · 15 min to read · The owner or manager with a renewal coming

Four pages on the ninety days before a renewal — the six dated marks, the nine controls the form asks about, and the order to take the big four in.

Reach for it when: First. It is the free starter, and the shape of the whole renewal without the detail.

You finish with: A working picture of what the form will ask, and which of the big four to start this week.

The interactive assessment

Not a document — a short questionnaire that scores where you stand and points at the gaps.

→ Take the free cyber insurance readiness assessment.

When you outgrow the free tier

The Solo toolkit turns these moves into a worked renewal — the countdown checklist, the evidence pack, and the questionnaire walkthrough — with a Start here catalog to sequence them.

→ See the Solo, Team and Pro Advisor editions.

About This Document

This document is part of the **Cyber Insurance Readiness Assessment - Free Edition**, produced by **Sylvan Assurance, LLC**.

It provides **general guidance and recommended practices** for preparing for the questions cyber insurance applications commonly ask, drawn from widely recognised practices. It is **not** insurance, legal, or brokerage advice; Sylvan Assurance is not an insurance carrier, broker, or law firm, and this document does not create any advisory, brokerage, or consulting relationship. **Your policy wording controls - confirm specifics with your broker or carrier.**

Every recommendation in this document is **optional** - a widely accepted way to reduce a common risk. You decide which recommendations to adopt, adapt, or decline. Following this guidance helps you prepare, but it **does not guarantee any coverage, claim, pricing, or renewal outcome**. Responsibility remains with you as the operator of your business.

For full terms, see the Terms of Use provided with the Cyber Insurance Readiness Assessment.
